

Staff

Dr. Muhammed Khan

Dr. Khan, a distinguished medical professional, graduated from Dow Medical College, Karachi, in 2006. His journey includes research in infectious diseases at Aga Khan University and a significant role at pediatric heart centers in the U.S. Focused on pediatric cardiovascular care, he returned to clinical medicine, completing his Family and Community Medicine residency.

Double-boarded in Family Medicine and Addiction Medicine, Dr. Khan specializes in addiction, HIV, hepatitis C, and B care. A fellow of the American Academy of Family Physicians, he is actively involved in hospital work, providing patient care, obstetrics, and outpatient services. His commitment to underserved care is evident in his work at Federally Qualified Health Centers and addiction care in Fresno, California.

With ongoing education, including a Master's in Public Health, Dr. Khan embodies excellence, delivering compassionate and comprehensive healthcare.

Dr. Marlon Echaverry

Dr. Marlon E. Echaverry, a dedicated family medicine practitioner based in Fresno, California. Dr. Echaverry earned his medical degree from the esteemed Ross University School of Medicine and has accumulated approximately six years of invaluable experience in the field. With a passion for holistic healthcare, Dr. Echaverry specializes in providing comprehensive medical services, particularly in the areas of addiction, HIV, hepatitis C, and B care.

Harm Reduction Clinic Services

*Providing high quality, culturally competent
harm reduction services to members of the
Indian community*

Welcome

Welcome to our Harm Reduction Clinic Services, where we prioritize compassion, dignity, and support for individuals navigating substance use challenges. We believe in meeting you where you are without judgment, and we're here to provide a safe and welcoming environment for you to explore your options and receive the support you need.

Whether you're seeking information, resources, or assistance with harm reduction strategies, our dedicated team is here to listen, support, and empower you on your journey. We understand that each person's experience with substance use is unique, and we tailor our approach to meet your individual needs and goals.

Our mission is to reduce the harms associated with substance use while respecting your autonomy. No matter where you are in your journey, know that you're not alone. We're here to walk alongside you, offering non-judgmental support and guidance every step of the way. Welcome to our Harm Reduction Clinic Service – a place where you're accepted, respected, and supported.
